HEART OF THE CIVIL WAR GEOTRAIL PASSPORT

About the GeoTrail

The Heart of the Civil War Heritage Area GeoTrail launched October 1, 2016 with 15 geocaches within Maryland's Carroll, Frederick, and Washington Counties. A trackable geocoin will be awarded to the first 200 geocachers (while supplies last) who find the locations of at least 13 HCWHA caches. To be eligible for the coin, geocachers must record the code word from at least 13 HCWHA geocaches and validate their passports in person at the Newcomer House at Antietam National Battlefield or at the Visitor Centers in Westminster, Frederick, or Hagerstown. Participants who find the 13 geocaches after the first 200 geocoins have been distributed will receive another small giveaway.

About the Heritage Area

The Heart of the Civil War Heritage Area (HCWHA) is an area rich in history, covering portions of Carroll, Frederick and Washington Counties. It is located just below the Mason-Dixon Line, generally viewed as the dividing line between North and South. With one foot in the north, and one foot in the south, the story of the Civil War, its causes, battles, heroes and villains...its very meaning can be told nowhere better than in this part of Maryland.

The mission of the Heart of the Civil War Heritage Area is to promote the stewardship of our historic, cultural, and natural Civil War resources; encourage superior visitor experiences; and stimulate tourism, economic prosperity, and educational development, thereby improving the quality of life in our community for the benefit of both residents and visitors.
